DETAILED ACTION

1. This action is in response to the communication filed on 03/16/2007. Claims 1 – 24 were cancelled and new Claims 25 – 26 were received for consideration (See item #2 and #3).

Information Disclosure Statement

2. The information disclosure statement filed 3/07/2007 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because the amendment filed in response to previous office action (non-Final Rejection) is not fully responsive (See item#3). It has been placed in the application file, but the information referred to therein has not been considered as to the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609.05(a).

Response to Amendment

3. Newly submitted claims 25 – 26 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: newly presented claims correspond to the **original non-elected** claims of **Group III** (subject matter comprising backing up information, classified **class 707 subclass 204**).

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 25 – 26 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
